

Noise – Inverhuron

Emanating from the OPG Site

Phone Numbers

During the Joint Review Panel Hearings, OPG reported that neither they nor the Ministry of the Environment had received any phone calls from the public to express concerns regarding noise levels coming from the Bruce Power, NWMO and DGR site. We believe there is substantial noise but the residents of Inverhuron had simply not reported it. Below are the numbers to call to register your concern if you hear noise coming from the OPG site:

- OPG (Lynda Cain) 1 529 361 6414 ext 2764
- Bruce Power Visitor Centre 1 519 361 7777
- Ministry of Environment 1 800 265 3783
